July 23 Ross Library 5:15pm District Governor Sharon Benner visit to Lock Haven

July 30 KCnet 5:15pm Mary Jo Williamson, her mission trip to Africa

July 16 KCnet 5:15pm Barb Irvin, Volunteer Coordinator Step Office of Aging spoke on the ways the STEP Office of Aging works to advance the well-being of Pennsylvania's older residents in Clinton and Lycoming Counties. Attending programs at senior centers, volunteering and employment help older adults remain active in their community. In Clinton County there is an office in Renovo, Lock Haven, Mill Hall and Jersey Shore. One program where volunteers can help is Meals on Wheels. Volunteers deliver meals to homebound adults five days a week. Ameri-Corps is a program where adults can get a stipend and funds to

pay a college loan or if over 55 give the funds to pay a child or grandchild's loan or take a course of interest. For more information [http://www.stepcorp.org/Office\\_of\\_Aging](http://www.stepcorp.org/Office_of_Aging)

**Thank you** to Gail who also donated \$50.00 towards District Governor Sharon's Polio Plus project.

*Hello everyone:*

*My warmest thanks from the bottom of my heart to all of you for the gifts you presented to me for my years as the DT LH President. My clock is on the table next to my chair and knitting projects, my Rotary things have already been transferred into my new briefcase, and my scarf and Past President pin are just waiting for me to start wearing them.*

*Your thoughtfulness and your support during the 3 years that I was President are precious to me and I greatly appreciate all that you did for me during that time. I know that you will support Gail and all future presidents with the same support you gave me.*

*Again, I say thank you, and know that you and your friendship are the main reasons that I continue as a Rotarian - especially as a member of the wonderful DT LH club.* Jerri

**Bottom Line: What is the Polio Eradication and Endgame Strategic Plan?**

**Answer:** The Polio Eradication and Endgame Strategic Plan 2013–2018 is a comprehensive, long-term strategy that addresses what is needed to deliver a polio-free world by 2018. Developed by the Global Polio Eradication Initiative (GPEI) in consultation with national health authorities, global health initiatives, scientific experts, donors and other stakeholders, in response to a directive of the World Health Assembly, the Polio Eradication and Endgame Strategic Plan 2013–2018 addresses the eradication of all polio disease, whether caused by wild poliovirus or circulating vaccine-derived poliovirus, while planning for the backbone of the polio effort to be used for delivering other health services to the world's most vulnerable children. **For more information visit [www.rotary.org](http://www.rotary.org)**

**Next Week's Question? What are the Polio Eradication and Endgame objectives?**
