President-elect Jerri, and members  
Jeanne and Diane attended Rotary 7370  
District Assembly in Muncy, PA on  
Saturday May 22. Read the news in the  
extra attachment.

**Bottom Line: Where will Rotary District  
7370 be in 2010-2011?**

**Answer:** Those who attended the  
District Assembly in Muncy expected  
this question to be answered. However,  
it was not to be. The sample poll taken  
seems to have a majority of the clubs  
wanting to stay as a district- moving  
as one. To which district 7350 or 7410  
- this is still up in the air. We might  
be able to stay as 7370 if we get the  
membership up to 1000 by December 31,  
2010. "It all lies in the hands of  
Rotary International." CA DG  
(District 7370 District Assembly)

**Next Weeks Question: What is ClubRunner  
and how useful is it?**

**Answer: In next week's Downtowner.**

### ***POLITICAL ANNOUNCEMENT: (worth \$5.00+)***

77 million Americans age 14 or older---equivalent to one-third of our  
population---use public library computers or wireless networks says a new  
study funded by the Bill & Melinda Gates Foundation.

Of this group, 40% search for jobs and fill out applications, 37%  
research health issues for themselves or their families, and 42% find  
help with educational research or completing homework assignments.  
Another key finding identifies low-income adults as more likely to rely  
on the public library as their sole access to computers and the Internet  
than any other group.

**Unfortunately, access to public library services in Pennsylvania is  
shrinking due to budget cuts** at the state and local level despite the  
fact that millions of constituents see libraries as essential tools to  
connect them to opportunity.

For the 2010-2011 state budget, the Pennsylvania Library Association  
urges Governor Rendell, State Senators and State Representatives to  
restore access to much needed library services for their constituents  
Please send a message to your legislator about this important study!
